1. Introduction

To compete at United World Wrestling events from January 1st 2017 onwards, athletes of ALL age categories must comply with the UWW Uniform Guidelines. These Guidelines are intended to allow innovative design features in conformity with the rules and regulations for wrestling.

Responsibility of compliance

At all UWW events, the National Federations are responsible; and at Olympic Games the National Olympic Committees are responsible for ensuring that the items worn or used by the members of their delegation comply with the terms of these Guidelines.

2. Wrestling Singlets

2.1 General Considerations

The singlet is the standard uniform which is used across all Olympic styles.

The wrestling singlet must be made up of a smooth fabric without any rough edges that does not present any danger of irritation, neither for the user nor for the opponent.

The singlet shall provide to each wrestler all possibilities, to execute their holds and technique.

2.2 Specific Considerations

2.2.1 Men’s Wrestling Singlets (Greco-Roman & Freestyle)

The singlet must have the following characteristics:

- The neckline in the front shall not be more than 12 centimetres
- The neckline on the back shall not be more than 10 centimetres
- The cut under the arms shall not exceed 30 centimetres
- The length of the legs of the singlet must stop above the knee and shall not be shorter than 15 centimetres above the knee

2.2.2 Women Wrestling

The singlet must have the following characteristics:

- The neckline in the front shall not be more than 15 centimetres
- The neckline on the back shall not be more than 10 centimetres
- The cut under the arms shall not exceed 21.5 centimetres
- The length of the legs of the singlet must stop above the knee and shall not be shorter than 15 centimetres above the knee

Important: A women’s singlet shall not be alternatively replaced for a men’s singlet and vice versa.
**Note:** The measurements stated above refer to men and women singlets size **Small**. The measurements of the singlet can be amended for different weight classes for men and women. Our principal objectives are to cover the undergarments discretely with the given guidelines and to discourage women using men singlets and vice versa. It is not the intentions to restrict the range of motion of the athletes.

### 2.3 Colours
To avoid countries from wearing the same colours two uniform options are required.

#### 2.3.1 Colour Base
All countries shall select their uniform which is based on their country colours. The design is determined by the colours present in the country’s flag. Alternatives may be considered on an exceptional case basis with the approval of United World Wrestling. The country colour selected shall make up 70% of the singlet.

One uniform with blue markings and one uniform with red markings must be submitted to United World Wrestling for approval. Each of these uniforms has restricting colours that must be used with each of the singlets, that incorporate the red or blue markings (see below).

In addition to the country colours, red and blue markings will remain on the singlet to determine the scoring between the athletes.

To avoid similar colour combinations, countries are required to use the following colours with blue markings

- Black, Blue, Green, Grey, Purple, Silver

To avoid similar colour combinations, countries are required to use the following colours with red markings

- White, Orange, Pink, Red, Yellow, Brown, Gold

### 2.4 Markings

#### 2.4.1 Red and Blue Markings
Each Singlet will have a total of **three** markings consisting of:

- Two 7cm bands, one on each leg, shall be positioned across the bottom edge of the leg. For clear distinction the marking shall cover the circumference of the leg.
- One 7 cm band positioned below athlete’s name and NOC code on the backside of the upper torso. The band should be exclusively placed on the back half of the singlet, not visible on the front half.

**Important:** The red and blue markings are uninterrupted sport-specific design components which must remain untouched from any graphic, logo or third party identification. The marking has to be placed below the athlete’s name and country code.

The red markings shall be: **Pantone 2347C** and the blue markings shall be: **Pantone 299**

2.4.2 Family Name and NOC Emblem and National Identity

The representation of both family name and country code must meet the following criteria:

- The font type must be “Arial Narrow” for the family name and “Arial” for the country code.
- The letters for the family name and country code must be in upper case, unless the name is more than 8 letters, in which case lower case letters shall be used following the first capital letter. Symbols such as ‘-’ and space are considered as characters.
- Height: The family name and the country code shall be 5cm height, regardless the number of letters in the name.

Please see illustration for visual clarification.
The athlete's name must appear in Latin letters, above or in a half-circle around the NOC code.

The flag or the NOC logo must appear on the left side of the chest. The NOC code must appear on the back of the singlet, below the athlete's family name. The size of the NOC code on the back side shall not exceed 10cm x10cm.

2.4.3 Third Party Identification
One Identification of the manufacturer shall be permitted on the front right side of the chest and one shall be permitted, below the waist on the backside to a maximum size of 30cm².

One Product Technology Identification shall also be permitted above and below the waist. All such identifications must be in accordance with the maximum size of 10cm² and shall not be placed immediately adjacent to each other.

2.4.4 UWW Logo
The official UWW Hallmark will appear on the backside of the lower right leg or below the neckline on the backside of the singlet to a maximum size of 30cm². The white version of shall be applied to dark coloured uniforms, the black coloured version shall be applied to the light coloured uniforms. The graphics below shows the correct layout for the UWW Logo.
2.4.5 Club Placement
Club placements will be allowed for the 2020 U.S. Olympic Trials and shall follow the guidelines below. A maximum of two club placements can be use on the singlet. The clubs shall be placed in one of the following combinations: 1) A and D, 2) A and B, or 3) C and E. Placements can be used for one club (two placements) or for two clubs (one placement each).

**Club Space A:** Front side; right leg

**Club Space B:** Front side; left leg

**Club Space C:** Front side; below country flag and manufacturer logo

**Club Space D:** Back side; upper back

**Club Space E:** Back side; left leg

*Please note, only clubs in good standing with USA Wrestling that have a current club sanction by January 15, 2021 will be eligible to be placed on singlets. Any clubs in bad standing or not affiliated with USA Wrestling will be denied.*
1. A & D - Front Side; Right Leg and Back Side; Upper Back

2. A & B - Front Side; Right Leg and Left Leg

3. C & E - Front Side; center and Back Side; Left Leg
2.5 Graphics
Graphics or traditional designs may be incorporated in the singlet’s design. However, they must stay within these parameters:

- any graphic shall not affect the 70% of the colour base
- graphics shall be water marked to maintain the colour base
- small accents of contrasting colours may be permitted with final approval by USA Wrestling
3. Ear Protectors

The ear protectors must be made of flexible and elastic material without any hard buckle. The ear flaps must be elastic and covered with a shock absorbing material presenting no danger for the opponent.

One Identification of the Manufacturer per clothing item will be permitted, to a maximum size on 10 cm².

4. Shoes

The wrestling shoes can be made of several pieces of fabric or leather. The seams must be from edge to edge and not present any roughness which could injure the opponent.

The lacing of the shoe shall not have any hard eyelet holes and the tips of the laces shall consist of a material that is not hazardous to the wrestler or their opponent.

To insure the laces do not become unbound during the competition adhesive tape and/or an elastic fabric must cover the laces.

The soles must be made of flexible material, not presenting any roughness and an absence of metal.

All footwear items may carry the Identification of the Manufacturer as generally used on products sold through the retail trade during the period of 6 months or more prior to the Games.

5. Masks

Masks may not display any manufacturer identifications or commercial/sponsor branding, although NOCs may include their standard emblem (or national flag).

Emblems must be no larger than 10 cm², appear only once and not in the centre of the mask.

Single colours are preferred, but an NOC may have more than one colour, consistent with national identity.

Masks must also comply with the medical and other technical specifications that apply at the time.

6. Submission Process

Prior to the upcoming 2020 U.S. Olympic Trials:

The United States Olympic & Paralympic Committee, in conjunction with USA Wrestling, must approve all singlets prior to competition. The design of singlets shall be submitted to USA Wrestling by March 19, 2021 to the following address: Morgan Rabine - mrabine@usawrestling.org

During competition

A uniform check will also be administered by USA Wrestling and the United States Olympic & Paralympic Committee during the weigh-in.

Any violation of the uniform guidelines may impact an athlete's eligibility to compete.
