WHAT IS USA WRESTLING?

USA WRESTLING MISSION:
USA Wrestling, guided by the Olympic Spirit, provides quality opportunities for its members to achieve their full human and athletic potential.

VALUES:
- Responsibility - Fulfilling all functions, tasks, duties, and assignments with trust and credibility on behalf of USA Wrestling by honoring promises and pledges.
- Integrity - Being true to self and the mission of USA Wrestling, while discerning right from wrong and acting on it.
- Dedication - To carrying out the mission and goals of USA Wrestling with the highest degree of sacrifice and discipline.
- Honesty - Being truthful and upright with people and issues in furthering the mission of USA Wrestling.
- Accountability - Providing answers and reasons to others for actions and behaviors intended to support the mission of USA Wrestling.
- Respect - Recognizing the absolute dignity in every human being, with a sense of compassion, caring, and concern for the well-being of other people.

USA Wrestling is the National Governing Body for the sport of Wrestling in the United States, and as such, it is the representative to the United States Olympic Committee (USOC) and United World Wrestling (UWW), the international federation for wrestling. USA Wrestling is the central organization that coordinates amateur wrestling programs in the nation and works to create interest and participation in those programs.

USA Wrestling has more than 233,000 members. These include athletes of all ages, coaches, officials, parents, and fans striving together to strengthen the sport. Within the United States, USA Wrestling is divided into State Associations. Each State is an affiliated organization with its own set of bylaws under which it operates.

USA Wrestling is responsible for the selection and training of teams to represent the USA in international competition, including World and Olympic competitions. An equal part of USA Wrestling's mission is focused on development of the sport's grassroots. This is facilitated through sanctioning of age-group tournaments and the chartering of member clubs through established state associations.

USA Wrestling also conducts regional and national championships for all age categories, developmental camps, clinics, and coaches education programs. State and local competition is the major focus of annual programming in each of our state organizations. Volunteers, coaches, officials, and parents are the life blood of our organization. These leaders set up tournaments, run clubs, organize trips, and coach athletes in their local area.

HOW DECISIONS ARE MADE IN USA WRESTLING

USA Wrestling is a not-for-profit organization composed of dedicated volunteers. Individuals donate time, energy and expertise at every level from the local wrestling clubs to the National Board of Directors. All policy decisions are made through a chain of committees reporting to an elected Board of Directors. The Board of Directors meets yearly and determines the policy and direction of USA Wrestling.

USA Wrestling provides a variety of services and programs for its membership. Among them are publications, educational programs, fundraising activities, coaching programs, and general information about wrestling-related activities. USA Wrestling staff members are available to respond to your questions and provide additional information about USA Wrestling.

From: Tony Black, Director of State Services
RE: 2016-2017 Membership Year

Welcome to USA Wrestling and a new and exciting membership year! Below you will find information, which will be a reminder for some, and new for others. The USA Wrestling National Headquarters is looking forward to the 2016-2017 member year and assisting club leaders with their various programs. Please read all the information below and feel free to contact your State Membership Director or National Headquarters if you have questions.

FORMS:
All forms available online at www.USAWrestling.org

MEMBERSHIP SUBMISSION AND AUDIT:
Remember that each year State Associations are subject to a membership card audit. All membership cards must be accounted for prior to August 31, 2017. Contact your state association membership director for details. Club leaders must submit membership immediately to their state association membership directors. Failure to submit membership in a timely manner may jeopardize membership benefits.

SPORTS ACCIDENT SUPPLEMENTAL BENEFITS:
This provides secondary sports accident benefits for USA Wrestling members who participate in limited non-sanctioned events.

MEMBERSHIP CARDS:
You will notice a Participant’s Waiver and Release from Liability form attached to membership cards. The use of a waiver and release is now mandatory in the insurance industry. Members are required to complete the waiver and release form and return it to the National Headquarters or keep on file at the club.

Failure to obtain a waiver and release on members will result in a loss of insurance coverage.

• Suggested procedures for handling these forms are as follows: The form is signed and dated by the member when they register (athlete, coach, or official). If under 18 years of age the parent or guardian must sign the form. Then those procedures outlined by your state association should be followed for having the forms returned to the National Headquarters or keep on file at the club. No one other than the legal guardian of an individual under the age of 18 should sign the form.
• Waiver and release forms provide important information to the National Headquarters in the event of a lawsuit.
• If you have any questions regarding the waiver and release form please contact USA Wrestling’s Department of State Services or your State Association membership director.

CERTIFICATE HOLDERS AND ADDITIONAL INSUREDS:
Separate procedures have been established for adding.

SECONDARY SPORTS ACCIDENT INSURANCE COVERAGE:
Be sure to read the revised Insurance Summary for 2016-2017 at www.TheMat.com

OTHER “DON’T FORGET” ITEMS:
• If you plan to host a foreign team or cultural exchange event, please contact USA Wrestling’s Department of State Services for details and necessary preparations.
PLEASE NOTE:

• Foreign teams must also be approved through USA Wrestling before they can practice or compete in the United States.

• An international or cultural exchange meet does not have liability insurance coverage unless it has been sanctioned—just like any other event.

• Per United States Olympic Committee (USOC) policy, the use of the term “Olympic” cannot be used in the title of a club or event unless authority has been granted by the USOC.

• Additional Insured practice sites are intended for same club members from the originating club. Additional insureds are subject to approval by the insurance carrier.

GUIDELINES FOR LEGAL RESPONSIBILITIES

LEGAL BUSINESS STRUCTURE:

• Non-Profit Corporation - A Club wishing to operate as a non-profit must file for such status with their state’s Secretary of State, (see page 9 in this manual). The IRS Publication 557 titled “Tax Exempt Status for your Organization” can be obtained free of charge by dialing (800) 829-3676. Also, check on-line at www.irs.gov.

• Federal Tax Exempt Status - A club wishing to operate as a tax-exempt corporation must file for federal 501(c)(3) tax-exempt status with the IRS. (page 9)

• Coach Owned/Operated Club - This type of club is run as the coach’s business; he/she is solely responsible for the organization and operation of the club. Often parents are organized as a booster club to help with meets and to raise funds under the coach’s control. Coach-owned clubs may or may not qualify for 501(c)(3) non-profit status. Coaches should check with a tax and legal consultant on related issues.

• Institution Owned Clubs - Typically the institution, which may or may not be a non-profit organization, controls financial matters such as the hiring of coaches and setting the team fees. Parents may be organized as a booster club to help with meets and to raise funds.

• Parent/Booster Operated Club - A club started by a group of parents assuming responsibility for all club efforts. Many may be eligible to qualify as a 501 (c)(3) organization, but may also be operated as a for-profit business or sponsored by a corporation.

We encourage you to consult legal and tax professionals when choosing a business structure.

FINANCE AND BUDGET:

• Determine the timing and report forms that you need to file and account for from federal, state, local, and club regulations.

• For financial stability, you need to establish a financial plan and monitor your progress.

INSURANCE:

• Liability insurance is a benefit of USA Wrestling membership and is included with your club charter. Secondary sports accident medical coverage for members is provided with membership purchase. See the Insurance Information (See page 10).

FINANCIAL STATEMENTS:

• Determine what statements are required monthly, quarterly, and annually.

GOVERNMENT RECORDS:

• File Quarterly (Federal Form 941 and your corresponding state form, to report employment taxes withheld if you pay individuals.)

• If the club is a 501(c)(3), an annual IRS Form 990 may be required; your state may also have a required report.

• Federal unemployment taxes may be required if your organization is not a 501(c)(3).

• Check with your state department of revenue or on state unemployment taxes.

• If the club is another type of organization, a different type of tax return may be required.

We encourage you to consult legal and tax professionals when choosing a business structure.
AUDIT:

An audit ensures that the financial records accurately represent financial activities for the year. A review by professional accountants may be adequate.

- Internal - Ensure compliance with internal policies.
- External - Performed by professional accountants to verify the financial records accurately represent the club’s activities.

BOOKKEEPING:

- Checking Account - A ledger checkbook provides an excellent set of records, which includes deposits, disbursement, amount, date, check number and payee. Two signatures should be required for better internal control. This account uses a Tax Identification Number (TIN) that can be applied for from your IRS Form SS-4. Do not use personal social security numbers on club accounts.
- The Ledger Book - A record of all the financial transactions kept by the Treasurer. The ledger may be electronic, but be sure to back up data.
- Bills and Receipts - The Treasurer should keep all receipts and file them systematically by date or vendor. Bills for future payments should be filed by due date.
- Expense Reports - Detailed expense accounts for travel should be required. Receipts must also be turned in with expense reports. If possible, original receipts should be obtained. A second person in the club should approve payment, i.e., Head Coach or Club President.

TAX STATEMENTS:

We strongly suggest consulting a professional tax advisor pertinent to your type of organization.

- No matter which business structure you choose, make all employment-tax deposits on time, since the penalties are great.
- File federal Form 941 and any required state forms for employment taxes withheld quarterly if you pay individuals. If the club has a 501 (c)(3) exemption, an annual federal Form 990 may be required; your state may also have a required report. You must file all tax returns in a timely manner.
FORMATION OF A NON-PROFIT CORPORATION

OBTAINING 501(C)(3) STATUS AND OTHER NONPROFIT STATUS:

All entities, state associations or clubs using a checking account should apply for a Tax Identification Number using IRS Form SS-4. To obtain this number the organization has to be recognized as a Corporate Entity in their appropriate state. Entities desiring a sales-tax exemption need to apply for not for-profit status within their state (sales tax is state tax-not federal).

BENEFITS OF 501C(3) STATUS:

• Exempt from Federal Income Tax.
• Possible exemption from State Income Tax.
• Possible discount on postal rates.
• Ability for people and businesses to donate money to your club and claim it on their federal income tax.

REQUIREMENTS FOR 501(C)(3) STATUS:

• You will need to file for a TAX IDENTIFICATION NUMBER (TIN) using FORM SS-4. This form is available through the IRS Forms Office Number: (800) 829-3676 or at www.irs.gov.
• The club should file as a not-for-profit corporation in your state. In order to do this, articles of incorporation will need to be drawn up. It will be necessary for you to contact the not-for-profit corporation office in your state. This office should be located in the same place as your Secretary of State’s Office. Start there and ask for information on incorporating as a not-for-profit corporation. States may have varying requirements for incorporation and you must deal with your state directly.
• You must apply for tax-exempt status using IRS Form 1023. This form is fairly detailed and self explanatory.
• We will send you a completed form used successfully by other states to assist you if needed.
• Clubs must have a set of bylaws. These will need to be submitted with your Form 1023. See model bylaws on page 41 of this guide.
• If you know a CPA or a corporation attorney who will donate their time this may speed up the process.

If you have any questions please call USA Wrestling’s State Services department at (719) 598-8181.

FUNDRAISING GUIDE

Successful fundraising requires preparation and good planning. Fundraising is not easy. Every season the Club must think about finances. The following guidelines will help your club with this activity. carnival approach.

• Be sure to understand how the club is organized under the laws of your state. Fundraising is generally subject to public control, which may require filing for a license, collection of a sales tax, or the profit of a fundraiser may be subject to tax.

• Identify a specific purpose for each fundraising activity.

• Determine how much money is needed for the identified purpose. A clear goal is needed to define the task.

Approaching Local Corporations or Foundations - be aware that the following information and materials will be needed.

• How much money is needed and how will the money be used?
• How will the program to be funded be managed?
• Current financial statements for the club.
• Samples of proposed media information, including graphics.
• Information with respect to similar programs successfully undertaken elsewhere.

The following ideas for fundraising projects range in size and effort required, but all have been used successfully by amateur sports clubs.

GRANTS
Seek grants for specific needs from corporations and/or foundations.

COMPETITIONS
A club sponsored wrestling tournament is a common one-time project that can be very profitable. Clubs that run a tournament must understand that the tournament must be well run or the profits will be low and no one will come back the next year. A tournament guide is included in this club guide that will help you run a successful tournament.

GARAGE SALE
Hold a club garage sale. Use a large parking lot either at a school or church.

CAR WASH
In the right location this can be a good revenue producer with little or no investment.

CONCESSIONS
Look beyond your club activities to other sports arenas.

ADVERTISING SALES
Prepare programs with advertising for home events and tournaments. Sell advertising space and distribute or sell programs to the spectators.

The best fundraising ideas are innovative, fun, and provide something of value to the donors. These projects must be part of your club’s season-long planning.

Be sure to check state regulations before conducting any fundraising activities.

To ensure that the general liability for the chartered club extends to the fundraising activity, please contact USA Wrestling at 719.598.8181.

**BECOMING MORE INVOLVED IN USA WRESTLING**

**YOUR STATE ORGANIZATION**

- Attend your State Meetings

**THE NATIONAL ORGANIZATION**

Most of the volunteer involvement with USA Wrestling begins at the State level. Standing USA Wrestling Committee openings are advertised in USA Wrestler and [www.TheMat.com](http://www.TheMat.com). Applications are sent to USA Wrestling and every applicant is reviewed by the Steering Committee and recommended to the USA Wrestling Board for appointment to specific committees. Ad-hoc Committees are appointed by the Board and Board Committees to serve in limited time and specific situations. These are appointed by need.

**COACHES**

Become a member coach of USA Wrestling, or become a High Performance Leader. Attend your state coaches meetings and the meetings as Kids/Cadet and Junior Regional Championships.

**NATIONAL AND INTERNATIONAL COACHES POOL**

Written application is to be made to the National Office. Applicants are assigned to age level pools and considered annually for assignment to all National Team Trips. All applicants must be at least NCEP Bronze Level certified.

**RECRUITING VOLUNTEERS FOR YOUR CLUB**

Getting People Involved ... Gaining Commitment...Getting People to Work in the Club

All club leaders have gone through the frustrating experience of trying to get volunteers to work in their Club. This section is designed to assist club leaders in their efforts to get people involved, to gain more commitment from parents, and ultimately to build a better and stronger Club.

**WHY PEOPLE VOLUNTEER**

The following are some of the primary reasons people choose to give of their time on a volunteer basis:

- Parents want to spend more time with their kids. Today's typical home finds both parents working and they are looking for more opportunities to be with their kids. What better way than to join their children's activities?
- People like to be involved. Studies show that it is basic human nature for people to desire to be a part of activities and events that involve other people.
- Friend or peer influence. Friends and fellow parents have a substantial influence in motivating individuals to get involved. They should be your primary recruiters of new parents to join in and help (see Parent Orientation Section on page 21).
- Social Involvement and Reward. People join for the social interaction with others. Use groups for tasks, not always individuals. In addition, many people are attracted if there are rewards (i.e. recognition, status, etc.)
- Pride and Ego Satisfaction. Most people take pride in doing something successfully and in belonging to a group that does things successfully.
ENLISTING VOLUNTEERS
First - Plan in advance. How will you approach the parents/volunteers?
Second - Determine jobs and activities for which you need volunteers.
Third - Generate the names of people that are potential volunteers for these key tasks.

FINDING NAMES OF POTENTIAL VOLUNTEERS
- Form a diverse group of parents, coaches and volunteers to brainstorm names of potential volunteers then develop the individual approach that will be used for each volunteer based on factors that will motivate that individual.
- Locate names by reviewing lists of past leaders, parents, relatives, and past wrestlers. Utilize the group to generate names of people who might be motivated to get involved if approached correctly.
- Request nominations from the group if nominations are appropriate. This should only be part of a total plan and only for a limited amount of positions. Self-nomination should be encouraged.

RECRUITING VOLUNTEERS
Personal contact is the most effective method to use in enlisting volunteers. A personal, one on one meeting will generate far more success than a letter or an announcement sent electronically or by mail. The actual contact needs to be planned in advance. Clearly articulate the specific job the person is going to be asked to do, including the responsibilities and time commitment needed.

BE POSITIVE. BE PREPARED. BE SINCERE.
Use, “I believe you are the right person for this position.” In your conversation express the reason the person should want to volunteer. Tailor your message to the situation. For a veteran use, “As an experienced club member, your value to the association is very high. Will you ... ?” For a rookie use “We need people with new ideas in our club. No experience is necessary, just your enthusiasm, energy and commitment. Will you ... ?”

HOW TO KEEP VOLUNTEERS
Simply gaining the commitment of volunteers is not enough. The objective should be to keep them active and interested. The leader in charge of the committee or task is key in keeping everybody happy and productive. This person should:
- Develop timetables and set priorities.
- Use a planning calendar and keep records.
- Understand the need for good planning, good organization, and the importance of saying “Thank you!”
- Be willing to delegate and make use of talent.
- Be a prodder and get the job done.

The President of the club must provide constant reinforcement to the volunteer, frequently emphasizing the importance of the job. He/she should meet deadlines, set deadlines, thank the volunteer for taking the job, and thank him/her for a job well done both in person and through the club publications, banquet, newspaper, etc.
WHEN IT COMES TO VOLUNTEERS - ALWAYS REMEMBER!

DO:
• Consider why people volunteer
• Preplan your program
• Use various techniques to ID volunteers
• Use other people to help actually recruit the volunteers
• Generate ways/incentives to reward volunteers
• Say “Thank you.”

DON’T:
• Believe volunteers will call you first
• Use mailboxes to recruit
• Start before pre-planning is complete

USA Wrestling was built by volunteers dedicated to improving amateur wrestling in this country. All of us benefit from high involvement levels and members who are motivated to achieve club goals. Remember that involvement brings ownership and success. It breeds new leaders and increases participation.

COMMUNICATION AND WORKING WITH THE VOLUNTEER

Communication is a key factor in dealing with people. By keeping everyone well informed, your program will function more efficiently. Volunteers should participate in club and local wrestling committee meetings to stay informed.

THE FOLLOWING ITEMS ARE EFFECTIVE TOOLS FOR COMMUNICATION:
• E-mail Lists
• Team Newsletters
• General Team Meetings
• Facebook
• Phone Trees
• Volunteer Bulletin Board
• Twitter
• Team Handbook
• A Team “Mom” or “Dad”
• YouTube Channel
• Meeting Minutes
• Practice Sessions
• Parent Open Houses
• Volunteer Job Descriptions

EXAMPLES OF APPRECIATION AWARDS:
• Gift Certificate
• T-shirt
• Coffee Mug
• Framed Certificate of Appreciation
• Plaque
• Trophy
PARENT ORIENTATION MEETING

WHEN:

Schedule the meeting as early in the season as possible. The meeting may be held before the first practice if most of the members of the club have been identified. Invite all the parents to attend by phone or personal letter. Do not send this invitation home with the wrestlers.

TIME:

Two hours or less will be needed. Select a time when most parents can attend, usually in the evening on a weekday.

WHERE:

Select a location easily accessible for the parents. If you can, the practice site is best.

THE PROGRAM:

Coaches Introduction (5 minutes). This is done by the President or if your club is run by the head coach, by the coach. Introduce all assistant coaches, introduce any assistants, and give all of the qualifications of the staff. Give some personal background including why you are coaching, your wrestling experience, and what the coaches do for a living.

THE PHILOSOPHY:

Next, a brief (10 minutes) discussion by the coaches on the club philosophy of coaching will be helpful. Points to be considered are: The value and benefits of wrestling as a sport. The methods you use to teach skills. A description of a typical practice will help demonstrate this. The emphasis that is given to winning, having fun, and the development of youngsters physically and psychologically. What you expect of each child. This is the time to introduce and explain your team expectations (rules) Be sure to allow time for questions.

RISK OF INJURY:

Wrestling is a contact sport and injuries can occur. Fortunately, most wrestling injuries are minor, consisting of sprains and strains. Wrestling has fewer serious injuries than football, basketball, cheerleading, or ice hockey. There is less chance of getting seriously hurt when wrestling than when riding in a car, skateboarding, or riding a dirt bike.

HOW ARE INJURIES CARED FOR?

You need to explain to the parents your plan for evaluating taking care of injuries at practice and competition. Procedures for clearing the wrestler to return to practice and competition should be outlined at this time.

CUTTING WEIGHT:

You should be prepared to discuss the entire issue of weight control at this time. Have your policies thought out in advance. You may also want to discuss other nutrition topics affecting weight control. Discussions of what to eat and when to eat, sports drinks, and the pitfalls of junk food could be held at this time.

LEVELS OF COMPETITION:

An explanation of how tournaments are set up, age divisions, weight classes and the state series are determined.
PRACTICE ATTENDANCE:
Should parents attend practice is a common question. Consider the space available in the practice room and whether parents can be accommodated. If the child is anxious when the parents attend, it may be wise for them not to be there.

MEET CONDUCT:
This question opens up the issue of parental behavior during competitive meets. It is suggested that you develop guidelines for parents. A recommended parents’ code of conduct that emphasizes sportsmanship and letting the coaches coach is desirable. Positive comments and treatment of officials should be mentioned.

WRESTLING DEMONSTRATION:
Many parents in your youth wrestling program will know little about amateur wrestling. In order for parents to understand and appreciate the sport, a demonstration (10-15 minutes) of a match will be helpful and appreciated. In demonstrating a match, have a script and cover common scoring maneuvers and situations. Also explain match procedures and team scoring. This can be pre-recorded and shown via DVD.

It is an opportune time at the beginning of the demonstration to discuss the equipment needed for the sport. Emphasis should be given to safety when discussing equipment and the rules of wrestling. Be sure to mention that the official’s first duty is to protect the wrestlers.

QUESTIONS AND ANSWER PERIOD - QUESTIONS TO ANTICIPATE:
• How often is practice?
• How do you decide who wrestles?
• How long is the season?
• What about medical insurance?
• How does the team travel?
• How many meets are there?
• Costs - and for what?
• What equipment do we need?
• Where do we buy equipment?

ADOPT-A-PARENT PROGRAM:
To help new parents get involved, assign a veteran parent to help each of the new parents. It is their job to call the new parent and remind them of meetings and upcoming events. The veteran parent will meet the new parent at events, sit with them during the meet, and answer questions.

COMMITTEE SIGN-UP:
Present your club organization and committee functions. Encourage all parents to sign up for a committee. Your Adopt-A-Parent can really help steer a new parent to the right committee.
GUIDELINES FOR PARENTS

- Do not impose your ambitions on your child.
- Remember that wrestling is your child's activity. Improvements and progress occur at different rates for each individual.
- Don't judge your child's progress based on the performance of other athletes and don’t push them based on what you think they should be doing.
- Be supportive no matter what.
- There is only one question to ask your child: “Did you have fun”? If meets and practices are not fun, your child should not be forced to participate.
- Do not criticize the officials.
- You have taken your child to a professional coach; do not undermine that coach by trying to coach your child on the side. Your job is to support, love, and hug your child no matter what. The coach’s job is to develop your child as an athlete. You should not offer advice on technique or mat strategy - it is not your responsibility. This will only serve to confuse your child and prevent that wrestler-coach bond from forming.
- Get Involved! Your club needs your help and support. Attend club meetings to find out how you can help.
- Have positive things to say at a wrestling meet.
- Acknowledge your child’s fears.
- Do not expect your child to be an Olympian.
- Wrestling is much more than the Olympics. Learn to appreciate all that wrestling can contribute to your child's development.
INFORMATION ON VOLUNTEER BACKGROUND SCREENING

USA Wrestling, in its efforts to assist clubs with risk management and to provide services that are beneficial to its membership, is encouraging clubs to conduct background checks on their coaches. It has been determined that youth programs that conduct background checks on their coaches have shown an increase in participation. These background checks also provide an environment where parents of children can feel good about allowing their child to participate in out of home activities.

For those clubs that wish to conduct background checks, USA Wrestling suggests the services offered by TC logiQ as an option. Of course, there are many other companies that also provide background check services and USA Wrestling encourages you to price and compare. For those that wish to use TC logiQ for the services provided information has been provided below. It should be noted that any and all background check information and investigation procedures are the responsibility of the club and USA Wrestling, Inc. takes no responsibility for any the information provided and/or the policies adopted by the clubs or state associations using such services.

TC logiQ will provide each state with a special Internet site that allows members to search a national database of more than 160 million criminal records - instantly. This site provides searches of criminal records from 44 statewide databases and the District of Columbia, including Sex Offender Registries. USA Wrestling supports members to utilize the Safety 1st service. This screening will include a national criminal search, social security number trace and Sex Offender Registry as a package. Safety 1st encompasses all of the tools necessary to make an accurate assessment of a volunteer. Safety 1st may also uncover violent criminals and sex offenders who could pose potential danger to USA Wrestling members and associates.

REASONS FOR CONDUCTING SCREENING:

- Implementation of background screening in youth programs has been shown to increase numbers.
- TC logiQ has made it affordable for all Clubs to implement and it’s easy to do. One search takes about 40 seconds. (Depending on how fast you type).
- Background Screening can make your club’s insurance liability and premiums decrease.
- Most importantly, this will help protect our children from sexual predators and preserve our sport.

To register or find out more information, go to www.tclogig.com and click on Welcome USA Wrestling. Then click FAQ or call (719) 210-9360. You may also use the registration link located on www.tclogig.com under the membership services link, from there click on Background Screening Service. After registering, you will receive an e-mail with your login ID, password, and instructions on how to get started. Conducting screening requires the use of the Wrestling club’s login ID and password, which is only available from TC logiQ’s online registration. Developed by the United States Olympic Committee for members of USA Wrestling and other NGBs to access for free, the SafeSport program has critical information to help keep every program, including your club, safe. **SafeSport Training**

This SafeSport online training program teaches you about the nature of misconduct in sport: how to recognize it, how to prevent it and how to take action. The information in this course will keep sport a positive experience for every athlete, coach, and volunteer.

**SafeSport Español**

SafeSport ofrece una importante capacitación acerca de la naturaleza de las conductas indebidas en el deporte y le brinda información práctica para proteger mejor a los atletas.

**SafeSport Parent**

Developed for parents of athletes, this course addresses important topics around recognizing, preventing and taking action against misconduct in sports, from a parent perspective. This course, which takes a little over half an hour to complete, helps parents become active participants in creating safe, positive sports environments for their child.

**SafeSport Refresher**

Review key concepts to help keep athletes safe. If it’s been a year or more since you completed your initial SafeSport training, we recommend this brief refresher course. This half-hour training reviews critical concepts to help keep your sport program safe and positive for every participant.

BUILDING CLUB IDENTITY

LOGOS AND BRANDING STRATEGIES

You are encouraged to develop an official logo for your club. Your logo should represent how you want your club to be viewed by the community and should reflect the mission and philosophy of the club. Having a standard logo that you use for all applications to represent and promote your club makes things easier and the consistency builds awareness of the club’s identity in your community. You should use your club logo on stationery, staff shirts, warm-ups, singlets, and clothing.

If you would like assistance in developing your club logo and other advertising or marketing items, you can contact Advantage Advertising in McKinney, TX. Ad2 will provide design and printing services to USA Wrestling chartered clubs at discounted costs. Your contact at Ad2 is Michael Hinnant at (719) 331-1929 or by e-mail at yourad2@gmail.com.

Use of the USA Wrestling Logo is one means of gaining identity, but this use must be approved by the USA Wrestling National Office. USA Wrestling’s red, white and blue USA map logo is a registered mark. Unauthorized use of the USA Wrestling Logo is prohibited.

The United States Olympic Committee also has the right to the use of the Olympic rings logo. No interlocking rings, of any color, may be used that resembles the five ring Olympic logo. Four and six rings in the same Olympic styles and the use of the word “Olympic” are also prohibited by law.

You are encouraged to get stationery and business cards for the program. Business cards printed with your officers’ names and cards printed with blank lines for individuals allows you to provide cards for all who need them.

Remember-a consistent image is important in building and maintaining your club’s brand.

UNIFORMS

Teams are not required to dress uniformly for competition, however, team uniforms and singlets go a long way to build team pride. Getting everybody in the same uniform helps in keeping participation levels high. It is also a recruiting tool. It is recommended that singlets conform to the current USA Wrestling National requirements of singlets being either predominantly blue, or predominantly red, and both colors should not be used together on any one singlet. Although these singlets do attract attention, in the international styles officials find it difficult to officiate when clubs use non-traditional colors.
HOLDING AN EFFECTIVE MEETING

Here are a few selected guidelines to follow when conducting a well-planned and prepared meeting. The Meeting Notice:

- Time and date of the meeting
- The location of the meeting
- Who will attend
- Agenda outline of items to discuss
- An integral part of any meeting
- Takes place before the talking begins
- Should always be sent out in advance
- Should state purpose and goals

It has been said that if people had to send out agendas it would help them decide whether a meeting should be called at all. An agenda will reduce the number of unnecessary meetings.

MECHANICS OF A MEETING

The seating arrangements are very important for the purpose of control, communication and cooperation. Use a wide centrally placed table and ensure that all persons have sight lines to the officers and each other.

The size of the meeting should be kept to a minimum. Far too often people are called to a meeting that does not require their presence.

The most effective meetings are those in which the discussion is confined to the issues and when all sides have been expressed a determination is made. The best determination is a consensus, not a vote.

OPENING A MEETING

- Start on time
- State the purpose of the meeting very clearly
- State the points positively and make them sound interesting
- Introduce attendees and guests if it is a large gathering

SAMPLE AGENDA FOR AN ANNUAL MEETING OF THE CLUB

RISK MANAGEMENT GUIDE

This guide is intended to provide club administrators with suggested considerations in organizing a club, for which USA Wrestling has issued a charter.

GENERAL LIABILITY CONSIDERATIONS

A. Legal problems can be reduced if you follow the safety guidelines mentioned below. You and your coaching staff should never hesitate to WARN wrestlers of the hazards in wrestling and TEACH them the safest and only legal ways to wrestle. Many liability concerns are inherent in making sure to keep the things as safe as the sport allows. Make sure to inspect the practice room regularly for safety. You and your coaches should use non-physical forms of discipline. Don’t take the chance of a possible injury during some form of physical punishment.

B. Whenever the wrestlers are working out, supervise! If only one coach is present and they must leave the practice room, even to answer the phone, the kids must stop working out. You must be physically present when any athlete is active, for your own sake and that of your athletes. Keep a written record of all complaints, injuries and problems that occur in your program.

C. When there is an injury at your practice site or competition and the injured wrestler needs to help pay for major medical bills not covered by insurance, the term negligence may arise. Was the person acting in a reasonable and prudent way? Could someone else in the same situation have foreseen the danger and prevented or limited the injury?

D. Please consider the following discussion on negligence.

1. Generally, the following four factors must be present before negligence is proven:
   a. Duty - Was the defendant somehow responsible for the safety of the individual injured? A coach in the room, when a person is hurt cutting through the room, trips on a mat and hits his head, may owe no “duty” to the person. However, if the wrestler was under your care there may have been some negligence involved.
   b. Breach of Duty - Was there a lapse in the standard of care a wrestler should have? Was the equipment not in good repair, not enough coaches, or a lapse in responsibility?
   c. Proximate Cause - This means that the action of the defendant(s) was somehow related to the injury. If the coach had taped the mat, the accident would not have happened.
   d. Actual Damage - If the wrestler who tripped on the loose mat was not injured, there is no grounds for a lawsuit.

2. Four common defenses against a charge of negligence are:
   a. Contributory Negligence - Was the wrestler responsible for the injury? In some cases if this is true even to a small degree, no damages may be assessed unless it is a minor.
   b. Comparative Negligence - To what extent is the injured wrestler responsible for the injury? In some states if this is true to even a small degree, no damages may be assessed unless it is a minor.
   c. Assumption of Risk - A mature wrestler should have realized that wrestling is hazardous. However, if the activity were somehow required, this assumption cannot be claimed.
   d. Act of God - This means that a reasonable and sensible person could not have anticipated the danger.
THIS IS YOUR CLUB - IT IS NOT ORGANIZED, CONTROLLED OR CONDUCTED BY USA WRESTLING. THE ISSUANCE OF A CLUB CHARTER BY USA WRESTLING SERVES THE PRINCIPAL PURPOSE OF PROVIDING INSURANCE COVERAGE REFERRED TO IN THE CLUB CHARTER APPLICATION.

By issuing a Club Charter, USA Wrestling neither accepts any responsibility, nor undertakes any obligation or liabilities, for the organization, conduct, promotion, solicitation or registration of participants, the condition or adequacy of the practice facility, or any other arrangements for club practices or activities, including the conduct of event organizers, volunteers, coaches or officials, for all of which the Club will have sole responsibility and shall indemnify and hold harmless USA Wrestling and its members, directors, officers, employees, agents and affiliates against any and all liabilities, claims, demands and losses (including reasonable attorney's fees and costs).

These guidelines and considerations are recommendations only, and USA Wrestling is not responsible for the conduct of the event or failure to follow the recommendations.

These considerations and safety suggestions should also assist club administrators in providing a safe and enjoyable event.
