Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Financial Statements

For the Year Ended August 31, 2014

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

United States of America Wrestling Association (the Association) is the national governing body for amateur wrestling, making it responsible for the promotion and development of the sport in the United States.

The Association qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, accordingly, is not subject to federal income tax. The Association is not a private foundation.

Prior-Year Comparisons

The financial statements include certain prior-year summarized comparative information in total but not by net asset or functional expense class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Association's financial statements for the year ended August 31, 2013, from which the summarized information was derived.

Cash and Cash Equivalents

Cash and cash equivalents consist of the Association's checking and money market accounts. Balances in business accounts are federally insured up to \$250,000. The financial institution has collateralized the Association's sweep accounts by pledging 102% of the balances on deposit with securities backed by agencies of the federal government, as required by current law. In the event of a bank failure, the Association might only be able to recover the amounts insured and collateralized.

Inventory

Inventory is stated at the lower of cost (first-in, first out method) or market and consists of uniforms and publications.

Notes to Financial Statements

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Accounts Receivable

The Association has recorded accounts receivable at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. An allowance for doubtful accounts of \$125 and \$3,693 was recorded at August 31, 2014 and 2013, respectively.

Depreciation

Furniture and equipment are recorded at cost. The Association capitalizes all assets that have an original cost or fair market value of \$1,000 or greater. Depreciation is recorded using the straight-line method over the estimated useful lives for each asset as follows:

	<u>Years</u>
Furniture and equipment	3-7
Building	40

Depreciation expense for the years ended August 31, 2014 and 2013 was \$57,203 and \$52,996, respectively.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Contributions

Gifts of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of donated assets. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as satisfied program restrictions.

Notes to Financial Statements

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Contributed Services

The Association receives a substantial amount of donated services in carrying out the Association's programs. No amounts have been reflected in the financial statements for those services since they do not meet the criteria for recognition under FASB ASC 958.

Membership Revenue

Membership revenue is recognized as revenue in the corresponding year of the license and consists of the following:

	<u>2014</u>	<u>2013</u>
Athlete registrations	\$ 3,590,705	\$ 3,554,361
Non-athlete registrations	<u>1,467,872</u>	<u>995,354</u>
	<u>\$ 5,058,577</u>	<u>\$ 4,549,715</u>

Income Taxes

The Association qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, accordingly, is not subject to federal income tax. Accordingly, no income tax provision has been recorded.

The Association's form 990, Return of Organization Exempt from Income Tax, is subject to examination by various taxing authorities, generally for three years after the date it was filed. Management of the Association believes that it does not have any uncertain tax positions that are material to the financial statements.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities, and the reported amounts of revenues and expenses. Actual results could differ from those estimates.

Notes to Financial Statements

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Supplemental Cash Flow Information

During the years ended August 31, 2014 and 2013, the Association paid no interest or income taxes.

Date of Management's Review

In preparing the financial statements, the Association has evaluated events and transactions for potential recognition or disclosure through November 6, 2014, the date that the financial statements were available to be issued.

B. FAIR VALUE MEASUREMENTS

The Association applies Generally Accepted Accounting Principles (GAAP) for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Association has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Notes to Financial Statements

B. FAIR VALUE MEASUREMENTS - Continued

The following tables present assets that are measured at fair value on a recurring basis at August 31, 2014 and 2013:

Alternative investments	34.88%
Domestic equities	28.00
International equities	24.88
Domestic bonds	6.11
Cash & cash equivalents	3.25
International bonds	<u>2.88</u>
	<u>100.00%</u>

Notes to Financial Statements

B. FAIR VALUE MEASUREMENTS - Continued

The alternative investments include hedge equity funds, private equity funds, real estate funds and limited partnerships. Additional consideration was given to inputs available for USOE funds, and based on this information, these assets were reclassified from level 3 to level 2.

Some investments are exposed to various risks that may cause their reported fair values to fluctuate from period to period and could materially affect the recorded amount of investments in the Association's financial statements. Investments in equity securities fluctuate in value in response to many factors, such as the activities and financial condition of individual companies, general business and industry market conditions and the state or perceived direction of the economy. The values of debt securities fluctuate in response to changing interest rates, credit worthiness of issuers, and overall economic policies that impact market conditions. The values of certain investments, such as hedge funds, can fluctuate in response to direct market conditions and other factors that may or may not have a high correlation to overall market direction. Though the market values of investments are subject to fluctuation, management believes that the investment policy is prudent for the long-term welfare of the Association.

Investment income consists of the following at August 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Interest and dividends	\$ 21,859	\$ 28,852
